ADMISSION.

CANDIDATES for admission to the Freshman Class are required to pass an examination in the following books :—

Latin Grammar, including Prosody—Harkness, Allen and Greenough, or Gildersleeve.

Harkness's Latin Prose Composition, Part II., or an equivalent.

Cicero—Seven Orations, including the Pro Lege Manilia.

Virgil—the first six books of the *Æneid* ; the *Bucolics* and the first two *Georgics*, or the same number of lines of Ovid.

Sallust—*Catilinarian War* ; or *Cæsar*, four books.

Also : Translation of easy Latin at sight.

(Either the Roman or English method of pronunciation will be accepted.)

Greek Grammar—Crosby, Hadley, or Goodwin.

Jones's Greek Prose Composition, twenty exercises.

Xenophon—*Anabasis*, four books, or one hundred pages of Goodwin's Greek Reader.

Homer—*Iliad*, three books.

Ancient Geography—Tozer's Classical Geography.

(The Continental method of pronunciation is preferred.)

Arithmetic, including the Metric System.

Algebra—Loomis's, to Quadratic Equations.

Geometry—Loomis's, four books.

English Grammar—Whitney's Essentials of English Grammar.

Orthography.

Modern Geography.

French—Otto's Grammar, Part I., or Translation of easy French Prose at sight.

Full equivalents will be accepted instead of the text-books named; but Greek and Latin prose will not be received as a substitute for poetry.

Candidates for advanced standing are examined in the requirements for admission to the College, and also in the studies which have been pursued by the class they wish to enter. For the particular books in Greek, Latin, or Modern Languages studied by each class, equivalent amounts may be offered from other books in the same language.

Candidates for admission to the Scientific Course will not be examined in Greek, nor in the *Georgics* and *Bucolics* of Virgil.

The examination for admission begins at 9 o'clock, A. M., on Thursday of the week preceding Commencement, and on the last Tuesday of the summer vacation, (June 26th and September 9th, 1879), and, at each time, the examinations will continue two days. Those who apply for examination on these days, should present themselves punctually at the appointed hour, at Walker Hall. In special cases, candidates may be examined and admitted at other times in the year, but for such private examination, application must be made in writing. No admission to the Senior Class is allowed later than the beginning of the second term.

Before examination, the candidate must exhibit satisfactory testimonials of good moral character. If he has been a member of any other College, he must present a certificate of regular dismissal.

No one can be admitted to the Freshman Class until he has completed his fifteenth year; and no one to an advanced standing without a corresponding increase of age.

Candidates for admission, who remain conditioned after the September examination, or receive conditions at that time, will be required to study under a teacher authorized by the examiners, and a small fee will be charged. It is, therefore, desirable, that as many as possible present themselves at the June examination, that they may have an opportunity to cancel any conditions then received, in September.

Information in relation to rooms or boarding places may be obtained by applying to the College Janitor, Lansford Gates, No. 20 North College.

DURING THE YEAR.—Exercises in Physical Culture. Compositions or Orations.

SCIENTIFIC COURSE.

The general course is so arranged, that a four years' Scientific Course is formed by omitting the Greek entirely, and substituting advanced work in Science and Modern Languages, as indicated in the schedule of studies, on page 46. The degree of Bachelor of Science is conferred on any student who has satisfactorily completed this course.

PARTIAL COURSE.

Persons who are unable to pursue the course required for the degree of Bachelor of Arts, are admitted to the privileges of the Institution, and permitted to carry forward such studies as they may select, when approved by the Faculty. At the end of the course, a certificate of their attainments will be given on application to the President.

RESIDENT GRADUATES.

Graduates who wish to pursue a more extended course of study in any department, can do so by making arrangements with the College for that purpose.

DEGREE OF MASTER OF ARTS.

Candidates for the degree of Master of Arts in course, must be graduates of at least three years' standing, and must have spent at least two years in professional or other liberal studies. In ordinary cases, they must be recommended by the Faculty. Graduates who wish to obtain this degree, should send their request to the Faculty, with appropriate vouchers, on or before the twenty-fifth day of June.

EXERCISES.

There are either three Recitations, or two Recitations and two Lectures daily, excepting Wednesday and Saturday, when one Recitation is omitted.

On Wednesday afternoon, there are general exercises in selected and original declamations in the College Chapel.

There are also weekly rhetorical exercises for each class. From the Seniors and Juniors, compositions, original declamations and debates, are required; from the Sophomores and Freshmen, written translations, declamations and compositions. For the declamations, preparation is made by private rehearsal.

Public worship is held in the College Church, every Sabbath, and there are prayers in the Chapel every week-day morning. Every Thursday evening, there is preaching or some other religious exercise, which the students are invited to attend. There are class prayer-meetings regularly on Sabbath evenings.

LECTURES.

Lectures are delivered during the year :—

By the President, on *Psychology, Moral Philosophy, and History of Philosophy*, to the Seniors.

By Professor Tyler, on *Greek Literature*, to the Juniors and Sophomores.

By Professor Crowell, on the *Latin Language and Literature*, to the Juniors and Sophomores.

By Professor Hitchcock, on *Human Anatomy and Physiology, and Laws of Health*, to the Sophomores and Freshmen.

By Professor Montague, on the *Romanic Languages, and French Literature*, to the Juniors and Sophomores.

By Professor Mather, on *Goethe and Schiller, The Greek Drama, Greek Historians, and Sculpture*, to the Juniors. Sophomores and Freshmen.

By Professor Harris, on *Chemistry and Chemical Physics*, to the Juniors and Sophomores.

By Professor Emerson, on *Geology and Palaeontology*, to the Seniors; on *Zoology and Mineralogy*, to the Juniors.

By Professor Root, on *Physics*, to the Juniors.

By Professor Morse, on *History and Political Economy*, to the Seniors.

EXAMINATIONS.

1. Oral examinations of all the classes, at or near the close of each term, on the studies of the term.

2. Written examinations of all the classes, either on the completion of studies, or near the close of each year, on the studies of the year.

A record is kept by the Faculty, of the attainments and deportment of every student; and each student's standing on the merit roll is made known to him, or sent to his parent (or guardian) at the discretion of the Faculty, near the beginning of every term. Information concerning proficiency and deportment is communicated, at other times, to the parent or guardian, when requested or when deemed necessary.

LIBRARIES.

The Libraries of the College and the Literary Societies contain about thirty-eight thousand volumes. The *College Library and Reading Room* are open every day, (Sundays and holidays excepted), from a quarter-past nine to half-past eleven o'clock, A. M., and from a quarter-past one to four o'clock, P. M. Books of reference may be consulted at any hour when the Reading Room is open. The *Libraries of the two Literary Societies* have been incorporated with that of the College, and are accessible only to members of the societies. The *Social Union Reading Room*, No. 1 North College, is open every day except Sunday.

APPARATUS FOR MATHEMATICAL AND PHYSICAL SCIENCE.

The LAWRENCE OBSERVATORY, consisting of a transit room, and a tower with a revolving dome, is furnished with instruments for accurate astronomical observations. The pier in the centre of the tower sustains a refracting telescope, mounted equatorially, having a focal length of nine feet, and an aperture of seven and one-fourth inches. The telescope was manufactured by Alvan Clark, A. M., of Cambridgeport. The transit room contains a transit circle, clock and chronograph, for meridian observations. The Observatory also contains an altitude and azimuth instrument, and the usual instruments, of the latest and best construction, for surveying and engineering.

The collection of *Apparatus for Experiments in Natural Philosophy* is extensive, and well adapted for a course of experimental illustrations. It occupies a room in the second story of WALKER HALL, where ample accommodations are furnished for its arrangement and use.

The *Chemical Laboratory and Lecture Room* occupy the first story of WILLISTON HALL. These rooms are furnished with apparatus for an extensive course of chemical experiments.

CABINETS OF NATURAL HISTORY.

The specimens illustrating Natural History and Human Antiquities, are deposited in the three edifices known as the Woods Cabinet, the Appleton Cabinet, and Walker Hall.

The WOODS CABINET is named in honor of the Hon. Josiah B. Woods, of Enfield, its principal donor. The upper story contains the *Shepard Collection*, including meteorites, and more than 10,000 geological specimens, mostly fossil. The lower room contains the *General Geological Collection* of the college, together with the State Collections of Massachusetts, Connecticut and Vermont, which together amount to 12,000 specimens. An adjoining room called the *Nineveh Gallery*, built by Enos Dickinson, of Amherst, contains specimens obtained by Dr. Henry Lobdell from the ruins of ancient Nineveh and Babylon. It exhibits sculptured slabs from the palace walls of Sardanapalus at Nimroud, and many antique coins, seals and cylinders from the same cities.

In the APPLETON CABINET, named from the Hon. Samuel Appleton, of Boston, are the *Hitchcock Ichnological Collection*, the *Gilbert Museum of Indian Relics*, and the *Adams Zoölogical Collection*.

In the unique *Ichnological Collection*, named after President Hitchcock, are to be found about 1,400 specimens, containing at least 20,000 tracks of animals in stone, together with plaster and clay casts of tracks of living and fossil animals. The *Museum of Indian Relics* receives its name from the Hon. George H. Gilbert, of Ware, by whose liberality it was mainly established. It comprises about 3,500 specimens of the stone implements of extinct Indian tribes, principally those who lived in the Connecticut Valley. The *Zoölogical Collection* was principally gathered and arranged by Professor Charles B. Adams. It comprises

prepared specimens of animals and their habitations, and dried plants, representing all the great groups of the animal and vegetable kingdoms. In the department of shells, it is particularly extensive and valuable. *A Collection in Comparative Anatomy* has been commenced, and is incorporated with this collection.

WALKER HALL is a granite building, named in honor of Dr. William J. Walker, its principal donor. The third story contains the Shepard Mineralogical Collection, consisting of more than 10,000 specimens; also a collection of plants, and mineralogical apparatus.

The collections as arranged in these several cabinets, contain more than 100,000 specimens of the animal, mineral, and vegetable kingdoms.

The Cabinets are open to the public each week-day, from ten to eleven o'clock, A. M., and from three to four o'clock, P. M., when the custodians will be in attendance.

AIDS TO CLASSICAL STUDY.

Through the liberality of certain friends of the College, the Classical Recitation Rooms have been provided with various works of art, adapted to facilitate instruction, and to increase the interest of the students in classical study.

PHYSICAL CULTURE.

The BARRETT GYMNASIUM, named in honor of Dr. Benjamin Barrett, of Northampton, is a granite building, with bowling alleys, and the gymnastic apparatus essential to the health, recreation, and proper development of the students. It is open during the day-time to the members of the College for voluntary exercise, and at an appointed hour each class is required to be present and engage in exercise under the direction of the Professor of Hygiene; attention to the requirements in this department having its share in determining the standing of the student in the discipline and culture of the College. The required exercises consist almost entirely of the light gymnastics, the movements of which are guided and timed by music, while the heavy and more difficult gymnastic work is entirely at the option of the student. No effort is required of any student which cannot be safely and profitably undertaken by any person who is sound in body and mind.

The Professor in this department is an educated physician, and as far as possible is expected to be acquainted with the physical condition of each student in town during term-time, and all students are permitted to consult him without charge. This department has been in successful operation for the past eighteen years, and its good effects have surpassed the most sanguine expectations of its projectors and friends.

GALLERY OF ART.

This room contains a collection of casts of ancient and modern statuary, and photographs, mounted and under glass, illustrating the architecture and sculpture of Europe. The gallery is open to the public each week day, at the same hours as the Cabinets of the Scientific Collections.

EXPENSES.

The following are the principal necessary expenses, exclusive of vacations :

General Term Bill, including Tuition, Library,

Gymnasium, and all ordinary incidentals, per

year,

\$100.00 \$100.00

Room Rent in College, from \$6.00 to \$15.00 per term, 18.00 45.00

Room Rent in private houses, per year, 40.00 60.00

Fuel and Lights, from \$12.00 to \$18.00, 12.00 18.00

Board, from \$3.00 to \$5.00 per week, or per

year of *thirty-eight weeks*,

114.00 190.00

An additional expense of \$10.00 per term is incurred by those students who elect work in the Chemical Laboratory during Junior year.

The expenses for Room Rent, Fuel and Lights, are estimated on the supposition that two students occupy the same room. For a few choice rooms, both in College and in town, a higher rent is charged.

There are some expenses which result from taxes voluntarily imposed by the classes or societies. These, and expenses for furniture, stationery, etc., will vary according to circumstances and the character and habits of the student.

PAYMENTS.

One-half of the annual charges is due on the first of October, and is to be paid within two weeks thereafter. The balance becomes due April 15th, and is to be paid before May 1st.

A bond, with satisfactory surety for the payment of all the College bills, must be given by each student to the Treasurer, at the commencement of the term when he enters.

SCHOLARSHIPS.

The College has a fund of *seventy-five thousand* dollars, the income of which is appropriated to aid young men who are preparing for the Christian ministry, and need assistance. Meritorious students of this class, to a number not exceeding forty-two, can receive each a scholarship, which is sufficient to cancel the general Term Bill. Each of these students also ordinarily obtains from the American Education Society about *one hundred* dollars annually.

Scholarships have been founded by the State of Massachusetts, by individuals, and by College classes. These endowments are intended to assist those who need pecuniary aid, and most of them are designed only for those of superior scholarship. The names of donors, and the annual incomes of their respective gifts, are as follows:—

MASSACHUSETTS, three scholarships, forty-five dollars each.

REV. DR. MOORE, the first President of the College, three, one hundred and forty dollars each.

SAMUEL A. HITCHCOCK, late of Brimfield, fifty, one hundred dollars each. The fund supporting these scholarships is temporarily non-paying; they are not, therefore, awarded the present year.

ASAHEL ADAMS, late of North Brookfield, three, forty dollars each.

SAMUEL D. WARREN, of Boston, two, seventy dollars each.

MRS. SARAH TUTTLE, of Wayland, seventy dollars.

LEVI RUSSELL, late of Hadley, seventy dollars.

ISAAC D. FARNSWORTH, of Boston, two, one hundred and five dollars each.

ENOS DICKINSON, late of Amherst, seventy dollars.

JOHN C. NEWTON, of Worcester, seventy dollars.

GEORGE M. IVES, of Stafford Springs, Ct., one hundred and five dollars.

JAMES H. NEWTON, of Holyoke, seventy dollars.

CHARLES MERRIAM, of Springfield, one hundred and forty dollars.

JOSEPH CAREW, of South Hadley Falls, seventy dollars.

J. H. BIGELOW, of Worcester, thirty-five dollars.

HENRY N. BIGELOW, of Clinton, seventy-five dollars.

BIRDSEYE BLAKEMAN, of New York City, seventy-five dollars.

MRS. C. A. JOHNSON, of Boston, fifty dollars.

JAMES S. SEYMOUR, late of Auburn, N. Y., five scholarships of sixty dollars each.

QUINCY TUFTS, late of Boston, two, of sixty dollars each.

COOK Scholarship, seventy dollars, by GEORGE COOK, of Keene, N. H., of the Class of 1841.

MILLER Scholarship, Class of 1869, sixty dollars, by MRS. DR. S. P. MILLER, late of Worcester.

CLASS of 1822, seventy dollars, by WELLS SOUTHWORTH, of New Haven, Ct.

CLASS of 1823, seventy dollars, by ALVIN J. JOHNSON, of New York City.

CLASS of 1830, one hundred and twenty dollars, by the REV. JAMES L. MERRICK, late of South Amherst.

CLASS of 1831, seventy dollars.

HEMAN HUMPHREY Scholarship, seventy dollars, by a member of the CLASS of 1834.

CLASS of 1836, ninety dollars.

ALEXANDER H. BULLOCK Scholarship, ninety dollars.

CLASS of 1839, seventy dollars.

CLASS of 1849, seventy dollars.

CLASS of 1850, seventy dollars, by J. J. H. GREGORY, of Marblehead.

CLASS of 1853, fifty dollars.

CLASS of 1855, two prize scholarships of seventy dollars each.

CLASS of 1856, sixty dollars.

CLASS of 1857, eighty dollars.

CLASS of 1865, fifty dollars.

CLASS of 1871, seventy dollars.

Several other Class Scholarships have been established in part, the endowments for which are not yet placed in the College Treasury.

The incomes from the above scholarships are credited on the general term bills of those to whom they are awarded, and the excess, if any, is paid when the bills become due and payable. No one is entitled to a scholarship till he has been in College at least one term. Applications for aid should be made in writing, early in the first term, together with a statement of pecuniary circumstances.

PRIZES.

THE KELLOGG PRIZES. Given by Rufus B. Kellogg, of Green Bay, Wis., Class of 1858, for excellence in declamation. To the Sophomore and Freshman classes each, a prize of fifty dollars.

THE HARDY PRIZES. Given by Alpheus Hardy, of Boston, for improvement in Extemporaneous Speaking, and awarded near the close of the College course: first prize, fifty dollars; second, thirty dollars.

THE HYDE PRIZE. Given by Henry D. Hyde, of Boston, Class of 1861, one hundred dollars to that member of the Senior Class who may produce the best oration. Both composition and delivery will be considered in making the award.

THE BOND COMMENCEMENT PRIZE. Given by Ephraim W. Bond, of Springfield, Class of 1841, one hundred dollars for the best production spoken on the Commencement stage, as determined by the Trustees, or by a Committee whom they may appoint.

ENGLISH COMPOSITION PRIZES. Given by a member of the Class of 1874, for the best two compositions of the Junior Class: first prize, fifty dollars; second, twenty-five dollars.

THE HUTCHINS PRIZES. Given by Waldo Hutchins, of New York City, Class of 1842. 1. Forty dollars to the best scholar in Greek, and twenty dollars to the second in standing, at the end of the Freshman year. 2. Sixty dollars for the highest excellence in Greek scholarship, at the conclusion of the course. The scholarship is determined chiefly

by the regular recitations and examinations of the department, but special studies and examinations may also be required by the Professors.

LATIN PRIZES. 1. The Bertram Prize Scholarship. Given by John Bertram, of Salem, one hundred dollars for the best examination, by Seniors, upon specified authors not read in the College course. For 1879. Three Essays of Seneca; and Book I. of Lucan's Pharsalia.

2. The Thompson Prize. Given by the Rev. Walter Thompson, of Troy, N. Y., Class of 1872, fifty dollars for the best examination, both oral and written, upon the Latin of the Junior year, including certain special work.

3. Twenty-five dollars for the best examination upon the Latin of the Sophomore year, including an Essay in Latin.

4. Twenty-five dollars for the best examination upon the Latin of the Freshman year, including Latin Prose Composition.

THE WALKER PRIZES. Given by the late William J. Walker, of Newport, R. I., for excellence in the Mathematics of the year, as exhibited in both oral and written examinations: to Sophomores, first prize, thirty dollars; second, twenty dollars; third, ten dollars: to Freshmen, first prize, twenty-five dollars; second, fifteen dollars.

THE PORTER PRIZES. Given by Eleazar Porter, of Hadley. 1. Sixty dollars to the candidate who passes the best examination for admission to the Freshman class. The name of the successful candidate, together with that of the school at which he prepared for College, will be published in the Catalogue. 2. Thirty dollars for scholarship in Natural Philosophy, (including Mechanics, Astronomy, and Physics), to be awarded at the close of the course to the student whose standing is highest, as determined by the marks for all the recitations and examinations of the department.

THE TOPPING PRIZES. Given by R. E. Topping, of New York City, Class of 1849, twenty-five dollars each, to the two members of the Freshman class, who, at the end of the year, show the greatest improvement in the work of the year.

GERMAN PRIZES. Given by Samuel D. Warren, of Boston, one of forty, and one of twenty dollars, for the best examination in reading and translating German at sight.

FRENCH AND ITALIAN PRIZE. Prize scholarship given by the Class of 1855, seventy dollars for the highest scholarship, combined with the greatest improvement.

THE SAWYER PRIZES. Given by Edmund H. Sawyer, of Easthampton. 1. A gold medal of the value of fifty dollars, for the best examination in Anatomy, Physiology and Hygiene. 2. Thirty dollars to be awarded in the department of Physical Education and Hygiene, at the discretion of the Professor in that department.

THE SHEPARD MINERALOGICAL PRIZES. Given by Professor Charles U. Shepard to members of the Senior Class, for greatest excellence in the department of Mineralogy; four prizes of mineralogical specimens, valued respectively at fifteen, eight, six, and five dollars.

MOSELEY PRIZE SCHOLARSHIPS. Given by Thomas W. H. Moseley, of Hyde Park, N. Y., eighty dollars and forty dollars, to Seniors of highest attainments in the Scientific Evidences of Religion.

THE PHI BETA KAPPA PRIZE. Given by the Phi Beta Kappa Society, forty dollars, to a member of the Society, for proficiency in the studies of the Philosophical department during the Senior year, in such direction as the Faculty may from year to year determine.

THE WOODS PRIZE. Given by the late Josiah B. Woods, of Enfield, sixty dollars, for general culture and improvement.

THE WASHBURN GYMNASIUM PRIZE. Given by John H. Washburn, of New York City. Class of 1849, one hundred dollars to the class, which, during the year, shall most faithfully discharge its duties in the Gymnasium, and carry out most fully the instructions of the Professor of Hygiene.

The prizes for the last year were awarded as follows:—
